PRODUCT FEATURES

- ✓ Reliable and Cost Effective
- ✓ Shadow Logging Option
- ✓ Multi-function LCD Display with Battery Voltage Indication
- ✓ Cumulative & Excursion based Multi-level Alarm Configurations
- ✓ User Replaceable Battery option for Long Term use
- ✓ Multi-Logger Configuration, Download and Data Analysis via b.plus application

Operating Range	-30°C to +70°C
Sensor Type	Internal NTC Probe
Measurement Accuracy	±0.5°C
Memory Capacity	32,000 Data Points
Measurement Interval	1 min. to 120 min.
Start-up Delay	upto 30 days
Alarm Delay	upto 120 min.
Alarm Configuration	4 High level & 3 Low level Alarms
Interface	Multi-function LCD and USB (via cable)
Power Source	3.6V Lithium Battery (Replaceable)
Battery Life	12 Months (typically 15 min. @25°C)
Software	b.plus application
Software Compliance	FDA 21 CFR Part 11 Compliance
Certifications	CE EN12830 WHO-PQS
Case	PC/ABS
IP Protection Level	IP54 as per IEC60529
Dimension Weight	97 x 49 x 23 mm 75g
